Get $300 to unlock all Firebase features

Create a Billing Account and instantly get $300 in credit to spend on services you need to build and run AI apps, including hosting, scaling storage, running event triggers, and more.

oogle.com/freetrial?om=fb&redirectPath=https://console.firebase.google.com/project/_/overview?purchaseBillingPlan=metered&redirectWithId=true&flow=fireba

the best it can be with Firebase and Make your app generative AI

Firebase is a platform of services to help you and AI agents build and run intelligent apps with more speed, security, and scalability.

Designed for the complete app development lifecycle, backed by Google, and trusted by millions of businesses around the world.

Get started in console (https://console.firebase.google.com/)

BUILD

Get to market quickly and securely with products that can scale globally

Build AI-powered experiences into your apps and accelerate app development with managed infrastructure, powered by Google Cloud, so you can focus on what matters most.

(/products/app-hosting) App Hosting (/products/app-hosting)

(/products/sql-connect) SQL Connect (/products/sql-connect)

(/products/firebase-ai-logic) Firebase AI Logic (/products/firebase-ai-logic)

View all Build products (/products-build)

RUN

Run your app with confidence and deliver the best experience for your users

Launch, monitor, and iterate with AI-assistive tools that help you optimize your app's quality and experience.

App Distribution (/products/app-distribution)
